25X1A9a

TO : ~~Inspector General~~  
ATTN : [REDACTED]

DATE: 3 February 1956

FROM : Director of Security

OGC HAS  
REVIEWEDSUBJECT: Admission to the United States under the Provisions of  
Section 101(a)(27)(G) of the Immigration and Nationality Act.

1. In accordance with the agreement reached in your conference on 26 January 1956, I contacted Mr. Frank Walters, State Department, concerning the above-mentioned Section and how it is implemented.

2. Mr. Walters stated that there were no regulations in the State Department to cover the actual processing of a case under this Section. He obtained from his files a case that had been handled under this Section and stated that the file contained a request for non quota status from the Foreign Office of the Agency involved addressed to the principal Consular Officer in the area. On the basis of that request, the Foreign Consular Officer recommended to the Secretary of State that the applicant be granted non-quota status under Section 101(a)(27)(G) and when the approval of the Secretary of State was returned to the Foreign Officer involved the non-quota status was immediately granted.

3. If this Section of law is to be used for CIA employees who have been employed by the Government in excess of fifteen years some thought must be given as to how the original request to the Foreign Officer is to be prepared and by whom it is to be signed. It does not appear practical at least to request the State Department in Washington to originate our cases as it appears to be a specific requirement that the original recommendation must come from the principal Foreign Officer in the area. This appears, however, to be a minor problem that could be solved without too much difficulty.
